

A fast reliable telco built for you

Vonex named the "Channel Kings" by CRN in 2014 is looking to expand the Channel Partner network. If you are in IT or Comms, service business customers and are serious about growing your business then we want to talk to you.

Vonex Quality Assured Handsets, Headsets and Accessories

For more than a decade, Yealink's unique products and solution have won awards sponsored by leading sector organizations and influential publications. Winning factors have been our exceptional quality and convenient ease-of-use.

Grandstream Networks, Inc. has been connecting the world since 2002 with SIP Unified Communications solutions that allow businesses to be more productive than ever before. Their award-winning solutions serve the small and medium business and enterprises markets and have been recognized throughout the world for their quality, reliability and innovation.

Since its founding in 1996 in Germany, SNOM has pioneered IP handset technology and is recognised for its high-quality, customisable & cost-effective business solutions. SNOM VoIP telephones are characterised by a large number of functions which simplify business communication significantly, and offer a very high standard of security.

A connection fee of \$39 per handset applies, unless a 24 month contract is agreed to. Prices do not include shipping and insurance and are subject to change without notice. Delivery rate (includes packaging & insurance): \$20.00 (1st Phone/Item), \$7.50 (each additional item). *Please note that all prices include GST.
